Daniel DeBrincat

Film Maker- Videographer & Editor

From a young age I've pursued film making. I've been making videos professionally for over a decade. Over the past 10 years, I've worked on sets making short films (winning multiple state and national contest), Weddings, Bar Mitzvahs, Corporate Commercials, Social Media Marketing, National Conferences, Training Programs, and Podcasts. I work with Sony Cameras, and also am fluent in the Adobe Creative Suite (Premiere, After Effects, Photoshop ECT). I am FAA Drone Certified pilot and own all my equipment.
